

A PUBLIC SERVICE MESSAGE

Parents, you **MUST KNOW FOR SURE** that your children will be **ready to read to start kindergarten!**

- Delivery of Early Reading Skills at this age is a critical gift
- Ready to read is an outcome, at high quality education based preschools
- Focus is required at home and school
- This is a **call to action** to align every child in your life!!

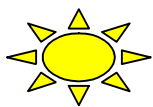

Times have changed, we are increasingly interdependent on basic foundations.

Without the gift of Early Reading Skills all children are behind before they even start kindergarten. Only an individual gift delivers early reading skills at age 3, 4 and 5. This gift is the key to opportunity

Talk to a kindergarten teacher about the issues; Read what they have to say about the issues at www.fightcrime.org and <http://www.fightcrime.org/reports/bts04poll.pdf>

ROI for the community is huge! 100% ready to read is a formula for filling the achievement gap, preventing crime, and increasing property values

Citizens, please follow the lead to USA VALUES-CDP on the website. Your gift will be twice or more blessed as we grow to invest in every child
